

ORIZONT PHOTO CLUB SIBIU

WORKSHOP „EU WOMEN”

«Our subject is women and our goal is photography. The first question we need to ask is: “Is photography still able to surprise us in treating this subject, which in itself, continues to surprises us?” »

The starting point is the fact that Europe tends to homogeneity and a political and economic integration, preserving a large cultural and social diversity. In order to emphasize this diversity we have chosen the photography and the new visual technologies to present the purpose, the place and the image of the citizen from different countries of the Europe Union.

Véronique Bourgoïn runs the EU WOMEN project since 2005.

This project was presented all over Europe and worldwide in many festivals, art galleries, museums and was supported by European Commission in 2006-2007

Details on: http://www.bourgoïn.name/Eu_women.html.

The workshop offers a continuous session for the participants to benefit from some time conducive to creation and reflection. To give them the means by which they can go deeper into their research process, take a stance and commit themselves to a personal direction for approaching the subject.

Training method:

- Teaching skills through the complicity between the teacher and the apprentices, the use of new and old media to serve creation, and the stimulation of thought processes on a current international subject by means of thematic slide shows, debate.
- Observation and experimentation: shooting, scanning, practical exercises of creation and tutorials
- Reading of portfolio: training in analysis and critique, exchange of ideas and experience
- Round table on the topic of the project

Results:

- A selection of the best creations of the workshop will be included in the future international itinerant exhibitions
- A selection of creations from each participant will be included in the Sibiu “EU WOMEN” exhibition.
- Each participant will receive a certificate from FABRIQUE des ILLUSIONS & ATELIER REFLEXE (www.atelier-reflexe.org) Paris and ORIZONT Photo Club Sibiu

WORKSHOP SCHEDULE

Sunday 6th October:

Meeting between the participants.

Presentation of the work of Véronique Bourgoïn

Presentation of the project «EU WOMEN»
